Call to Order:

The meeting was called to order by Diana Pitney, all those present were recognized and welcomed. We had parents who joined us for the first time. For their sake we reviewed the purpose of the Family Engagement committee.

Question, where do we go from here?

The Parent Focus Group took place in February, we reviewed some of the questions and answers that had been given by parents. We asked the parents who were present today what they thought of the answers given. Below are some of the responses and suggestions they gave.

Workshops/ how to help students:

Parents expressed the desire to understand more clearly what students are learning and how they can help. There were comments of students coming home with homework or questions that the parents were unsure of how to answer, particularly in math and science.

Parent workshops with concurrent student workshops so parents don't need to find daycare to attend.

Online zoom workshops (we could learn about live translation options like in PowerPoint live

Volunteering:

Field Day: ask for parent volunteers to help man games

Parents could do more than just Field trip volunteering.

Site council/ PTO:

Some parents are still not certain what these are. Maybe attaching agendas with the topics, so they can pull in parents interested in certain issues.

These are some areas that we will investigate in the next year, asking parents to join us as we plan events.

Everyone was thanked for joining us and we will meet again next year. TBD.

Meeting adjourned at 3:55pm.
